Dearest Mother & Daddy:

I got the last box of food the other day, and sure did enjoy it. It was wonderful.

The weather is wonderful here now. It is just like spring weather, and the sun is shining, and it is beautiful.

I am going to Oklahoma City for the weekend today at 12 noon, and am coming back Sunday night. Today is Saturday. It is the first trip for me since I came back from home nearly 2 months ago.

Got a letter from Lottie yesterday. She sure is running around a lot lately. Somewhere different every weekend. When does she have time to come home for a weekend?

That is about all because the Inspecting Officer will be around very soon to inspect for the regular Saturday inspection, and I have to be busy when he comes in, so be good, and write soon.

Love,

Harold
